

Cathy Lewis

IPMA Certified Project Manager with international experience. Main strengths are planning, monitoring and taking appropriate actions as well as ensuring that everybody has adequate information to perform. Situation based and individual based leadership is used to achieve optimal performance. Acts without prestige and is result-oriented without losing the overall view.

She was born 1961 and her mother is Swedish and father English. She has spent most of her life in Sweden but has worked two years in England. She enjoys walking her dogs and being with her friends in her spare time.

Competence areas

- Project management for system development and implementation.
- Translation from English to Swedish.

Methods & Tools

- Project methodology, e.g. PROPS.
- Development process, e.g. RUP.
- Tools, e.g. Microsoft project, FrontPage, Dreamweaver, EPiServer, Microsoft Office.
